Camp Objectives

Here at Southern Arkansas we believe that football games are won and lost at the line of scrimmage. We will spend three days working on all aspects of offensive and defensive line play. The emphasis will be on working. We will “grind it out” for three days with practice, weight training, and film sessions based on the little things involved with being a great lineman. On the offensive side, we will cover drive blocks, zone schemes, gap schemes, veer schemes, double teams, and pass protection schemes (drop back, sprint-out, and bootleg). On defense we will teach fundamentals of block recognition, escaping blockers, getting off the ball, hat placement, hand placement, defeating the trap or kick out block, squeezing down blocks, and rushing the passer. Tight ends and linebackers also spend a lot of time using the above techniques, and we will offer mini-sessions to them covering those aspects not covered in the regular day. We will try to keep teammates together because continuity is a big part of having a successful line. Camp staff will include the Southern Arkansas University Staff, offering over 56 years of experience, and successful High School Coaches from throughout the area. For more information contact Coach David Reeves at 318-465-0861 or 870-235-4107.
